

Dr. Ahmad Alnakhli

Assistant Professor of Electrical Engineering
Renewable Energy Laboratory (REL)
Prince Sultan University (PSU), Riyadh, Saudi Arabia
Member, IEEE

Dr. Ahmad Alnakhli is an Assistant Professor of Electrical Engineering at Prince Sultan University (PSU), Riyadh, Saudi Arabia, and a member of the Renewable Energy Laboratory (REL). He received his Ph.D. in Electrical Engineering from The George Washington University, USA. His research interests include power and multi-energy systems, grid resilience, renewable energy integration, and optimization under uncertainty, with particular emphasis on integrated energy systems under extreme weather conditions.

ICRERA 2026 PRESENTATION

Paper ID: 442
Title: Risk-Averse Linepack Scheduling for Integrated Electricity-Gas Systems under Heatwave-Induced Fuel Demand Uncertainty
